762 Woodbridge Drive  
Bloomington, Indiana 47408

Cell: (260) 443-1133  
Email: mitmcdaniel@gmail.com

## ---EDUCATION---

**Indiana University** (Bloomington, Indiana)

Major: Informatics

Minors: Business Marketing and Human Computer Interaction

**GPA: 3.6**

**May 2019**

## ---EXPERIENCE---

**Bowls Frozen Yogurt**

**Summers 2013-2015**

Assistant Manager – Oversaw on the clock employees, opened and closed store front, and helped train new employees in basic tasks. Weekly managed company files, daily sales, inventory accounts and other general computer tasks.

**Ash Brokerage**

**Summers 2016 & 2017**

App Developer Intern – Worked with a team of developers to create a CRM and AMS for the company employees and collaborated with other company departments to create custom sites. Helped implement the Agile framework and completed several deliverables.

**Serve IT**

**Falls 2016 & 2017**

Web Developer – Collaborated with a team of six developers to develop a web app for the Monroe Country Soil and Water Conservation District. Took charge of the web design aspect of the project, named Mark-it, and was in close contact with our client to design and construct a working application.

**Tribeswell**

**Fall 2017 - Present**

Web Developer – Build WordPress sites using custom themes for local clients. Designed and created logos, vector images, or other graphics. Managed content across various sites to ensure engaged and informed consumers.

## ---Technical Skills---

Web Development: Website design and construction using HTML, CSS, GitHub, Python, JavaScript (jQuery and Angular), MVC, and WordPress.

Web Design: Mock-ups and wireframes using sketches, Invision, Photoshop, and Illustrator.

Microsoft Stack: C#, Visual Studio, SharePoint, SQL, Excel, Access, and ASP.NET.

## ---IU Involvement---

Informatics and Computer Science University Involvement Director

**August 2015-Present**

Worked in tandem with the Vice President of university involvement, within the IU school of Computer Science and Informatics, to plan meetings, create panels with Liberty Mutual and PricewaterhouseCoopers, and introduce new students to school.

Informatics and Computer Science Entrepreneurs

**August 2016-Present**

Collaborated with small groups of IU students to help each of us realize ideas that we have by utilizing each member's unique skills as a designer, developer, or a business major. Have several start-up competitions against other teams in the club to improve pitching ideas and wireframing applications.

IU Sailing Team

**January 2016-Present**

Sail with the team on lake lemon, attend meetings on a weekly basis, ensure that the club stays active in community service as the Philanthropy Chairmen.
