Minors: Business Marketing and Human Computer Interaction   **Cumulative GPA: 3.6**

---EXPERIENCE---

Toohill Consulting   August 2017 - Present

<u>Web Developer</u>

- Built custom WordPress sites working closely with clients, using specialized themes and PHP development.
- Crafted content across various sites to ensure engaged and informed consumers.

Serve IT   Falls 2016 & 2017

<u>Web Developer</u>

- Collaborated with a team of six developers to develop a web app for the Monroe County Conservation District.
- Headed web/UI design, branding, and was in close contact with our client to design and construct a custom app.

Ash Brokerage   Summers 2016 & 2017

<u>App Development Intern</u>

- Worked within a development team of four to create a CRM and AMS for internal employees using Microsoft stack.
- Collaborated with internal departments to build custom websites.
- Developed in the Agile framework completing several deliverables within sprint deadlines.

Bowls Frozen Yogurt   Summers 2013-2015

<u>Assistant Manager</u>

- Oversaw on the clock employees, opened and closed store front, and trained new employees in basic tasks.
- Managed company files, daily sales, inventory accounts and other general computational tasks.

---Technical Skills---

<u>Web Development:</u> Python, HTML, CSS, Git based Version Control, JavaScript (jQuery and Angular), PHP.

<u>Web Design:</u> WordPress, Sketch, Invision, Photoshop, and Illustrator.

<u>Microsoft Stack:</u> C#, Visual Studio, SharePoint, SQL, Excel, Access, and ASP.NET.

---IU Involvement---

<u>Informatics and Computer Science Entrepreneurs</u>   August 2016-Present

Collaborated with small groups of IU students to help each of us realize ideas that we have by utilizing each member's unique skills as a designer, developer, or a business major. Have several start-up competitions against other teams in the club to improve pitching ideas and wireframing applications.

<u>IU Sailing Team</u>   January 2016-Present

Sail with the team on lake lemon, attend meetings on a weekly basis, ensure that the club stays active in community service as the Philanthropy Chairmen.

<u>Informatics and Computer Science University Involvement Director</u>   August 2015-Present

Worked in tandem with the Vice President of university involvement, within the IU school of Computer Science and Informatics, to plan meetings, create panels with Liberty Mutual and PricewaterhouseCoopers, and introduce new students to school.
